'A' rated Windows

Our 'A' rated energy efficient windows come with a top security locking system as standard!

Introduction

Britelite have been fitting quality Windows, Doors and Conservatories throughout the South East for nearly 50 Years.

Britelite fit high quality double glazing and the next generation triple glazing, using only the best materials. Fully guaranteed for 10 years, Britelite products will save you money by reducing your energy consumption and require little to no maintenance at all.

Last year, our customers trusted us to install 18,046 windows and 309 conservatories in the South East alone. We're also proud to say that in 2014 Britelite was granted the prestigious

Which? Trusted trader status, in recognition of our outstanding commitment to quality and service in the home improvement sector.

Since 1970 we have installed literally hundreds of thousands of windows throughout the South of England and we believe our triple 'A' rated service is simply the finest available. It includes the following benefits:-

'A' rated Fitters

Our 'A' rated Fitters work to the NVQ (level 2) to install to British Standard Kitemark!

'A' rated Company

Our unique 'Gold Seal' installation service and an open & honest pricing policy with £1000 anti-intrusion cover!

Every customer review and testimonial is important to us, and they are personally read by our Chairman John Baxter.

"When my ex partner, Arthur Clacy and I founded Britelite Windows in 1970 we set ourselves the target of offering the finest products at value for money prices".

John Baxter

Sadly Arthur passed away in 1982, But I am certain he would still be proud of the company we created together.

So if you are considering any of our Home Improvement products, please come and visit one of our superb Show Centres or visit our website for a free instant online quotation.

Britelite Accreditations

We are proud to belong to the Glass & Glazing Federation (www.ggf.co.uk), the industry's largest and most respected trade organisation. All installations are registered with FENSA and all customers receive Britelite's own ten year insurance backed guarantee, issued by a company famous for nearly 50 years.

Britelite is registered with Trustmark, the award winning government scheme that aims to help you find a reliable and trustworthy company to make improvements to your home.

Britelite

Windows, Conservatories & Flat Roofs

Windows

Britelite's **double** or **triple** glazed windows are a fantastic addition to any home.

A Britelite window is the most beautiful addition you can make to your home. It's safe, secure and brilliant at keeping the warmth in. Britelite windows will even add value to your property when the time comes to sell. With an enormous range of colours, styles, shapes and sizes to choose from, a Britelite window will be the perfect compliment to your home.

uPVC or Aluminium

Before you choose your window type and glazing options, we'll help you select the right style for your property. uPVC windows offer superior insulation, aluminium frames boast amazing longevity and our traditional frames simply ooze elegance and style. Please read on to find out more about choosing a style to suit your home or property.

Britelite Fitters

All Britelite fitting teams have passed the Minimum Technical Competencies exam and have achieved or are working towards the NVQ for the installation of windows and doors.

Our staff will do their utmost to make your installation a pleasurable experience. We are dedicated to fitting great quality products at competitive prices.

Britelite Kitemarks

As a triple 'A' rated company, Britelite possesses, as you would expect, the coveted kitemark certificate which applies to the installation of windows and doors.

Furthermore, we also guarantee the quality of the products we install by ensuring they carry the relevant kitemarks, proving that Britelite products are manufactured and installed to the highest specification.

Triple Glazing

The ultimate in energy efficiency

The biggest launch in windows since double glazing, Britelite is proud to offer Triple Glazing!

Our exciting range of uPVC triple glazed windows are beautiful and provide even more thermal efficiency and security than our double glazed units.

Triple glazed windows are available in a variety of styles, colours and woodgrain finishes to suit your home and add value. You can choose superior thermal insulation and security in any frame of your choice. Every energy efficient window we install is fully guaranteed for 10 years and boasts the prestigious BSI Kitemark.

Why choose **Triple Glazing**?

- ✓ It can save you hundreds of pounds on your heating bills each year
- ✓ It adds value to your home
- ✓ It can aid in noise reduction
- ✓ It reduces your carbon footprint

Triple Glazing: It's warmer, it's quieter and it looks great!

Britelite's triple glazed windows are engineered to give you a comfortable home. We use only the best materials, components and techniques to ensure your home is draught-free and warm.

Our windows can reduce condensation by as much as 80% to prevent bacterial growth and mould forming on your windows, which can compound respiratory problems such as asthma. Triple glazing also cuts down noise from outside your home.

Britelite's triple glazing is made up of three panes of glass giving a thermal energy rating of A++ as opposed to our standard double glazing which is rated as A+.

The double argon filled cavities throw radiated heat back into your home, meaning you can **save up to £497 a year on your heating bills!**

Colour Choices

High Performance Low Iron Glass

Argon Gas Cavity

Super Softcoat Low E Glass

Warm Edge Spacer Bar

5 Chamber Frame and Sash

Triple Glazing Security

Britelite triple glazed windows also feature a 10 point locking system and come with a £1,000 anti-intrusion cover guarantee*, giving you peace of mind that your home is secure.

They are internally beaded which means the glass can only be removed from inside the home, making it extremely difficult for intruders to enter your home.

Our windows have been tested to the highest security standards so you can rest assured that your family and possessions are protected.

* See our website for details.

Britelite

Windows, Conservatories & Flat Roofs

Double Glazing

Quality, security & durability

All Britelite uPVC windows are installed to meet the prestigious BSI Kitemark standard

Britelite also install A+ rated uPVC double glazing. All Britelite uPVC windows are installed to meet the prestigious BSI Kitemark standard (are approved by insurance companies and the Official Police Security Initiative), and are guaranteed for ten years with an insured backed guarantee.

Britelite windows are available in a wide range of colours, styles and finishes. They also do a fantastic job of keeping the warmth in and unwanted intruders out. In fact, as far as windows go, you'd be hard-pressed to find something better, which is probably why over 95% of our customers who expressed an opinion either rated us as 'very good' or 'good'.

Britelite **uPVC double glazed** windows are available as...

- ✓ Casement Windows
- ✓ Tilt & Turn Windows
- ✓ Bay Windows
- ✓ Sliding Sash Windows

Energy efficient A+ rated windows

Energy Window	
Energy Index (kWh/m²/year)	13
The Climate zone is: UK	
Thermal Transmittance (U-value)	1.3 W/m².K
Solar Factor (g-value)	0.47
Effective Air Leakage (l/s/m²)	0.00 W/m².K
Reg. No.: 4832	M110

When considering purchasing replacement windows for your home, the question of energy efficiency must be paramount.

You can be assured that Britelite has considered this a key aspect of our window design. Our standard windows all have an A+ rating, which is achieved by the combination of low energy glass, multi chamber construction of the frame and warm edge spacer bars.

8
point
locking
system

The locking system in all BRITELITE windows feature 400% more shootbolt contact than traditional systems

Colour Choices

Double Glazing Security

Britelite's double glazed windows feature an 8 point locking system and come with a £1,000 anti-intrusion cover guarantee*, giving you peace of mind that your home is secure.

Britelite

Windows, Conservatories & Flat Roofs

Speciality Windows

Are you looking for luxury and high end windows to complete your home?

Aluminium Windows

Britelite's amazing aluminium window frames are incredibly durable and highly resistant to corrosion. Ideal as an alternative to our uPVC windows, aluminium windows can be fitted to a range of properties from small terraced houses to high-end custom homes.

All our aluminium windows are custom made to fit your home. Choose from a range of glazing options and frame styles to match your homes individual characteristics.

Britelite **Speciality** windows are available as...

- ✓ Casement Windows
- ✓ Tilt & Turn Windows
- ✓ Bay Windows

Traditional Windows

Britelite's beautiful traditional double and triple glazed windows are perfect for any homeowner looking for luxury and high end windows to complete their home.

Designed to replicate the 19th Century flush timber window and manufactured from modern composite material, our traditional window range is ideal for use in conservation areas. Ideal for village and modern properties, our windows will enhance any home.

Traditional windows outperform many other window systems due to the combination of sophisticated design, innovation and technological advancements.

You can choose from highly efficient double or triple glazed units, attaining U-values of 0.8 with triple glazing, PassivHaus Standard, and 1.2 with double glazing, far surpassing the British Building Regulation requirements. All of this contributes to lower energy bills, keeping you cosy in the winter and cool in the summer.

Front Doors

A warm welcome every time

A Britelite **front door** is the most beautiful way of **welcoming** you home.

A Britelite front door is the most beautiful way of welcoming you home. It's secure, it stands up to the test of time and it's available in a range of finishes.

Choose from a wide range of colours, designs, glass styles and security options to custom build a door that best suits your home. We install a wide variety of front doors, and we can even fit a super secure door that doesn't require a key.

Our Range **Includes:**

- ✓ **uPVC**
- ✓ **Aluminium**
- ✓ **Composite**
- ✓ **Solidor**

uPVC Panel Doors

Britelite offers a range of uPVC entrance doors in white, rosewood and golden oak to suit your home. Security is key, and all Britelite doors feature three dead bolts and a hook lock to keep your home secure.

Our doors will also keep the cost of your heating bills down, providing excellent insulation during the cold winter months. In fact, we are so sure of the quality and efficiency of our doors, they all come with an insurance backed 10-year guarantee.

Solidor

Britelite are proud installers of the solid timber-core composite door, which boasts unrivalled levels of security, energy efficiency and beauty. With hundreds of designs, 18 colours inside and out and an unsurpassed range of handles and accessories.

Solidor composite doors come in an exclusive range of colours including Chartwell Green, Duck Egg Blue, Mocha and Rich Aubergine, to name just a few. Feel free to mix and match finishes as you see fit to create a sophisticated front or back door that looks, and feels, like nothing else around.

Composite Doors

We don't believe in compromising on quality. We've brought together materials to give you the very best in strength, easy maintenance, security and weather resistance... oh, and great looks as well.

Behind the rather scientific-sounding name, you'll find the latest technology and design in our doors. And when you're indoors you'll enjoy style, strength and security.

Our composite doors have a foam core which is 44mm thick compared to conventional uPVC panel doors at 28mm. It has a super-strong structural frame and up-to-the-minute hardware making our composite door even more secure. Its glass reinforced plastic finish means you'll be secure in all weathers, and you will enjoy its great looks for years to come.

How your door looks is up to you. Whether traditional or contemporary, you can choose from a variety of colours.

Britelite

Windows, Conservatories & Flat Roofs

French, Patio & Bi-fold Doors

Superb performance, refined & captivating design, technology & aesthetics.

What better way to open up your house to the outdoors than by fitting a new french, patio or bi-folding door? Britelite offers a range of door styles that fit in with your home's existing style and space.

French Doors

For beauty and convenience, traditional French doors are a popular option, which can also be fitted with sidelights for wider openings.

Britelite **French, Patio & Bi-fold** door styles are available in:

- ✓ uPVC
- ✓ Aluminium

Patio Doors

Few features of a home can match the panoramic view provided by patio doors. Integrate them into your home and relish in a stunning new perspective. Our patio doors are available in a wide variety of styles and opening options.

LUXE
DELUXE SLIDING & BI-FOLD DOORS

Bi-folding Doors

Bi-folding doors are a stunning addition to our product range. They glide smoothly which creates extra room for entertaining and bringing the outdoors in. Unlike ordinary patio or french doors, a bi-folding door gives you about a 90% clear opening.

Our folding doors can open into the room or out into the garden - whatever your individual requirements. Depending on the width of your opening, our bi-folds have between 2 and 6 panels, with each folding panel up to 1.2 metres in width, thus creating the maximum clear opening possible.

Please visit our website to find out more about our different styles of door www.britelitewindows.co.uk

Britelite

Windows, Conservatories & Flat Roofs

Conservatories

The perfect way to add extra space to your home.

Britelite is the leading installer of **quality conservatories** in the South East of England

Conservatories are perhaps the most popular way of adding more space, and are just perfect at bridging the gap between your home and garden.

Britelite conservatories are designed to suit your home. We offer a range of designs and styles from Sun lounge to more elegant Victorian and Edwardian conservatories.

Want something a little more bespoke? That's no problem either, we can design custom conservatories that take the best elements from each style to make a space that is perfect for you.

With energy efficient glazing and easy-clean glass available, as well as a range of colours and finishes for the doors and windows, the sky really is the limit.

Britelite **Conservatories** are available in the following styles...

- ✓ Victorian
- ✓ Edwardian
- ✓ Sun Lounge
- ✓ Loggia
- ✓ Gable
- ✓ Bespoke
- ✓ LivinROOF
- ✓ UltraRoof 380 Tiled Roof

Victorian

The classical design of a Britelite Victorian conservatory enhances virtually any style of property. The steeply pitched roof gives a feeling of space allowing maximum light into your conservatory regardless of the season.

Edwardian

A Britelite Edwardian style is a rectangular, contemporary conservatory suitable for the majority of properties.

Sun Lounge

A Britelite Sun Lounge conservatory is an attractive extension to your property with its pitched roof design giving you the maximum possible floor space.

Combination

We are able to combine conservatory styles, and tailor the design to your specific needs.

Our design consultant will offer a unique design, tailored exactly to your needs.

With the extra space available, you can use your Britelite conservatory for many purposes, even to house a luxurious swimming pool!

Britelite

Windows, Conservatories & Flat Roofs

Glass Extensions

The perfect way to add extra space to your home.

Truly stylish and **beautiful extension** designs

Our Styles

Glass Extensions are more than just a conservatory, they are a truly stylish and beautiful extension to your home that creates a 'real room' feel.

Take the hassle out of building a new extension, as they don't usually require planning permission, so you can enjoy your beautiful new room sooner than you expect.

Britelite **Glass Extensions** will:

- ✓ Refresh your living space
- ✓ Suitable for use all year round
- ✓ Enhance your property
- ✓ Thermally efficient

Loggia

A unique design concept born out of the decadence and architectural beauty of the Renaissance period, the stunning Britelite Loggia is available in a number of finishes, and has under floor heating and air conditioning as optional extras.

The Loggia's strength and durability is second-to-none. At around 40% cheaper than an orangery as well as being incredibly well insulated.

The Britelite Loggia will add extra space to your home.

UltraRoof 380 Tiled Conservatory Roof

The UltraRoof 380 is a lightweight tiled roofing system that creates a beautiful vaulted plastered ceiling inside and include a stunning tiled finish to the exterior. Not only that, you can also have full glazed panels to allow the natural light in.

Available in three colours: carbon grey, harvest brown and terra brick, the UltraRoof 380 tiled conservatory roof replacement is lightweight, looks outstanding and provides incredible thermal performance.

Britelite

Windows, Conservatories & Flat Roofs

Fascias, Soffits, Guttering & Cladding

No rot, no peel, just wipe-clean and easy-to-maintain

Fascia, soffits and other roofline products may go unnoticed, however they are the finishing touch to your home. Britelite's fascias, soffits and guttering protect the roof space and rafters that would otherwise be exposed to the elements.

Our uPVC range of products are low maintenance and long lasting.

Britelite **Roofline** products benefit from the following:

- ✓ No rot
- ✓ No peel
- ✓ Wipe-clean easy-to-maintain

Appearance

Our essential roofline components come in a number of colours, styles and with optional extras, including vented Soffits, Bird and Wasp Protection.

Colour Choices

Fascia facts

When buying fascia products you should ensure that the quotations you receive are 'like for like' this refers to both specification and installation.

Many less reputable companies use products that clad over existing fascias. Britelite will always replace your existing fascias unless you instruct us otherwise.

Windows, Conservatories & Flat Roofs

Flat Roofing

The premier flat roof replacement solution

A stylish **high performance** solution, that will keep the water out of your property for good.

A Britelite GRP flat roofing system that's built to last. With full BBA certification and a 30 year guarantee, a wide range of colours and finishes, and independently proven low environmental impact. Britelite's Flat Roofing is the finest roofing system money can buy. It is only fitted by our trained and approved installers.

We provide a free of charge survey and quotation for almost any project of any size. All of our workmanship is guaranteed so you can have complete peace of mind.

Benefits of a Britelite **GRP Flat Roof** replacement:

- ✓ Completely seamless
- ✓ Fully reinforced
- ✓ Easy to maintain
- ✓ Guaranteed for 30 years

GRP Flat Roof

Our installer will strip your roof right back to the joists if necessary and fix on new OSB3 18mm decking with or without insulation in the build up. Pre-formed GRP edge trims are fitted to finish the sides, then our installers lay a hard wearing, heavy duty (600gsm) Britelite GRP matting onto the surface, as standard.

Once laid, we will apply our Synoseal resin to bond and waterproof the roof. Then once cured, our team then coats the roof with Britelite high performance roofing top coat. All of our Flat Roofing is fire retardant and completely UV resistant and comes in many different colour combinations as well as specialist finishes.

Green Roof

Britelite's Flat Roofing can be turned in to a totally bespoke green roof based exactly on your requirements.

You can also opt for one of our low maintenance sedum green roofs. As well as creating a naturally beautiful area, Britelite green roofs add sound insulation and deliver energy savings.

Flat Rooflight

Give a home extension more light with the Britelite Flat Rooflight. Creating the illusion of open roof space, the minimalistic external and internal sightlines create a sleek, modern appearance and provide a stunning addition to any home extension.

Thanks to Britelites unique aluminium external and internal capping, with a bespoke structural PVCu internal core, it is not only attractive, but also the best double glazed thermal performing flat rooflight on the market. Our rooflight is designed to throw maximum light into any home.

Roof Lanterns

Britelite Roof Lanterns are a perfect solution for a new build, a traditional orangery, an extension, or can be inserted into a new Britelite Flat Roof to help give you the feeling of light and space. Whether your new living space is for a dining room, kitchen, living room, bedroom or bathroom, the Britelite lantern collection is a perfect, elegant solution for your home.

The lanterns will enhance any home – traditional or modern. Its strong ridge reduces the need for multiple bars, allowing you to achieve the maximum glass area which lets light flood into your room.
