Our Standard

Dear Potential Customer,

Thank you for your recent home improvement enquiry with Britelite. We pride ourselves on offering the best, most secure windows, doors, conservatories and flat roofing on the market, as proven by our TRIPLE 'A' RATED PROMISE.

Britelite was founded in 1970 by John Baxter and his business partner Arthur Clacy. One of Arthur's favourite adages was 'If we supply the best product at the keenest price, we are sure to succeed' and this policy has stood Britelite in good stead for nearly 50 years. It's a simple adage, but it helps us remember to focus on what's important: supplying the finest products available at the most competitive price possible.

For nearly 50 years it has been our policy to be open and honest with each and every one of our customers. When we visit your home we always offer the lowest price possible with absolutely no compromise in quality whatsoever.

Our prices include VAT and fitting, meaning the price you see is the price you pay. All our fitting teams work towards the NVQ standard for the installation of windows and doors. This means that we are one of the few companies to hold the coveted BSI kitemark for the installation of windows and doors.

Last year, our customers trusted us to install over 19,000 windows and over 340 conservatories in the South East alone. We're also proud to say that in 2014 we were granted the prestigious Which? Trusted trader status, in recognition of our outstanding commitment to quality and service in the home improvement sector.

All our staff will do their utmost to make your installation a pleasurable experience. Britelite are dedicated to fitting great quality products at competitive prices.
