YEARS
Est. 1970

Robust look

The Britelite Herrington Veranda is known for its smooth, robust look and is equipped with a reinforced gutter profile. Because of this extra reinforcement the Herrington can be mounted with just two posts with a span of 6 metres. The maximum span on two posts is what makes the Herrington unique. The result is maximum enjoyment with a free and open view.

Characteristics

The Britelite Herrington is available in three colours: cream white, white and grey. The veranda comes with a standard polycarbonate roof, in which you can choose from various types, depending on your wishes.

Features:

Available Colours:

Buxton

The Buxton Veranda

Enjoy a covered terrace everywhere

Behind your lawn. By the pond. Or at the pool.
With the Buxton from Britelite you bring the inside out.
Anywhere in your garden.

Outdoor living wherever you want

With a veranda you can bring the indoors outside and create a wonderful place directly adjacent to your home. With the Buxton, however, Britelite presents a veranda that can be placed completely free-standing in your garden. The construction of this roof is completely independent. This means you are not dependent on placement against the wall. You can create a covered terrace at any desired location and enjoy the outdoors to the fullest.

Characteristics

The highest point of the Buxton is at the front. As a result, the drain and gutter are nicely concealed at the back. The Buxton can also be built with flexibility in mind. It comes standard with a closed back wall, one closed side wall (or a side wall with an ultra-clear polycarbonate window) and one side wall with a landing. Of course, other combinations and variants are also possible and the Buxton can be adapted to suit your requirements.

Features:

Available Colours:

As an added option, the Buxton can be expanded with various accessories of Britelite, such as a sliding glass doors, LED lighting or side panels. More information on page 21.

Bridgewood

The Bridgewood Veranda

Ultimate flexibility with a sleek design

With a Britelite folding roof, your terrace comes alive. Whatever the weather, you can open or close the roof with a simple press of the remote control. This means that you decide how much sun comes in and that you can still sit outside even in bad weather.

Extra living pleasure

Enjoy extra living pleasure in the garden through ultimate flexibility. Who would not want that? The Bridgewood roof canvas is made of a sun-resistant and water-resistant fabric. Are you sitting under this veranda and want to enjoy the sun? Then, with one push on the button, raise the canvas (partially) so you can immediately enjoy maximum light and the beautiful weather. If you prefer to sit in the shade or seek protection against wind, rain or UV radiation, you can close the screen with the same ease.

By adding glass sliding walls you can choose to extend your Bridgewood veranda to a complete garden room. With the flexible Bridgewood veranda, you can therefore enjoy optimum comfort at your terrace.

Features:

Sustainable No discoloration Weatherproof

Available Colours:

RAL
7024

Details:

Aluminium colour RAL7024

Canvas colour White

Control The Bridgewood canvas and optional LED lighting can be controlled with the supplied SOMFY remote control.

Width (mm) 4000 / 5000 / 6000

Projection (mm) 3000 / 3500 / 4000

As an added option, the Bridgewood can be expanded with various accessories from Britelite such as sliding glass walls and built-in LED lighting in the screen. More information about sliding glass walls on page 20.

Ruxley

The Ruxley Veranda

The perfect light on your terrace

Want to decide for yourself how you want to enjoy the sun and the weather under your pergola? Now this is possible with the Ruxley pergola from Britelite. With the remote control you can easily tilt the panels in the roof to a different position. This way you have the control to play with the light, the shade and the airflow under your roof.

Take control over the lighting and ventilation

During the summer, you have the flexibility to either sit in the sun or take advantage of the shade. In the winter on the other hand, you will experience the benefits of the waterproof roof and the protection against all kinds of weather conditions! This allows you to enjoy your terrace during all seasons, all year round.

The Ruxley has a durable and sleek design which makes this roof a real addition to your home. With a remote control, the panels are easy to rotate into a position that creates the perfect light for you. Because the panels are continuously adjustable up to 120 degrees, you can even let the panels rotate with the sun!

Features:

Sustainable No discoloration Weatherproof

Available Colours:

RAL
7024

Colours RAL7024

Panels The panels are adjustable up to 120°. The panels of the Ruxley and the optional LED lighting can be controlled with the supplied SOMFY remote control.

Applications Can be installed both as a wall model and freestanding

Width (mm) 3000 / 3500

Projection (mm) 3011 / 3539 / 4067 / 4947

As an added option, the Ruxley can be expanded with an LED lighting strip or with sliding glass walls in order to be able to close one or more sides from rain and wind. More information about sliding glass walls on page 21.

Ruxley Supreme

The Ruxley Supreme Veranda

The convertible effect in your garden

Would you like to have an open space above your terrace in no time? With the push of a button, you can open the roof panels of the Pinela Deluxe and create a convertible effect in your garden.

Ruxley Supreme

Celebrating over
50
YEARS
Est. 1970

Unique experience

A unique experience is guaranteed with the stylish Pinela Deluxe from Britelite. The panels of this veranda can easily be moved to one side with the push of a button. This gives you a completely open space above your terrace in no time. Allowing you to experience the ultimate outdoor feeling regardless of the weather.

In the open position, the pergola offers maximum light. At the same time, in a closed position the Pinela Deluxe protects against various weather conditions and offers you a shady spot on sunny days. Rain or shine, you will experience the ultimate outdoor living feeling.

Features:

Sustainable No discoloration Weatherproof

As an added option, the Pinela Deluxe can be expanded with an LED lighting strip or with sliding glass walls in order to be able to close one or more sides from rain and wind. More information about sliding glass walls on page 21.

Pioneer Glass Doors

Turn your veranda into a Glassroom; enjoy your garden and terrace longer, with sliding glass doors

Just imagine. A rainy and windy day. You look outside from your living room. And you miss the outdoors. It is a shame that in such a case your living room beckons more than your covered terrace. With our sliding glass walls, we ensure that you can relax under your canopy whatever the weather. Or rather: in your luxurious and attractive garden room.

Ultimate outdoor feeling

The glass panels are available in different heights and widths. They can run in two to six tracks and have no frame. Thus offering an unobstructed view of your garden. In addition, a glass sliding wall also protects against wind and weather elements. This way you can enjoy the ultimate outdoor feeling, even in bad weather. And when the weather permits, simply open the panels.

Always a solution!

Did you know that Britelite's sliding glass doors are not only suitable for Britelite's aluminium verandas. They can be installed under existing structures, in timber buildings and in a multitude of other ways.

Available Colours:

Details:

Colours (profiles): RAL9016 / RAL9001 / RAL7024 / RAL9005 / Brute

Panel width* (mm) 640 / 820 / 980 / 1040

Glass thickness (mm) 10

Number of tracks 2 / 3 / 4 / 5 / 6-track rails

Installation height* (mm) 2000 / 2100 / 2150 / 2200 / 2250 / 2300 / 2400 / 2500

* Deviating dimensions are also available on request.

As an added option, the glass sliding doors of Britelite can be expanded with various glass door accessories of Britelite, such as handles and tracking system. More information on page 21.

Accessories

With our accessories, you can make your veranda or glassroom suitable for every moment, season or weathertype.

Side wall

Comfortable, windproof and available in both polycarbonate and glass

You can make the extra living space created under your veranda even more comfortable and homely by choosing side walls. A side wall allows you to close the veranda at one or both sides, free from wind and rain. This allows you to enjoy your verandas longer.

Our side walls come standard with 16 mm thick polycarbonate and an aluminium frame that matches the colour of your cream white or anthracite veranda. The Britelite side walls can be installed under any brand and type of veranda.

Details:

Colours (frame)	RAL9001 / RAL7024
Colours (sheets)	Polycarbonate (Opal Clear / Ultra clear / Solar control)
Standard height	3000mm
Standard dimensions	Veranda with depth up to 4 metres

If you prefer a glass side wall, we also offer a frame construction system for a side wall with 6mm glass.

Key frame

Covers the sloped part between the roof and the top of the side wall.

A key frame is used to partially close your veranda on one or multiple sides for instance when it is next to a fence or wall. A key frame is designed to cover the sloped part between the roof and the top of the side wall.

The key frame is made of an aluminium frame and 16mm thick polycarbonate. If desired, the key frame can also be delivered in glass.

You can easily add the key frame to your order, but you can also mount it later. The key frame can be mounted to all types of verandas we have.

Details:

Colours (frame)	RAL9001 / RAL7024 / RAL9016
Colours (sheets)	Polycarbonate (Opal / Clear / Ultra clear / Solar control)

Aluminium Pioneer panels

Lightweight and durable

Pioneer panels are unique in the Britelite range. These are lightweight, aluminium parts that enrich your outdoor life. The panels are stackable, easy to assemble and fitted with click profiles. The durable and flexible character ensures that you can use the Pioneer panels in different ways. They can serve as fence parts for more privacy, or as fencing. But you can also make planters or a beautiful aluminium conversion for your garbage container. Even creating a garage door is possible. In short: your creativity will be fully stimulated with the Pioneer panels from Britelite.

Details:

Colours (frame)	RAL9001 / RAL7024 / RAL9016 / RAL 9005
-----------------	--

Dimensions fence part:

Width (mm)	25
Height (mm)	166
Working height (mm)	150
Lengths (mm)	3500 / 4000 / 5000 / 6000

LED lighting

Sliding glass door tracking system

Concrete footings

Stay outside even longer

Want to have dinner with family or friends, read a book on the lounge sofa or play a game with the entire family? With ambient outdoor lighting, you can also enjoy your terrace at night. Our dimmable LED recessed spotlights come with remote control; extra comfort!

All glass panels open and close at once

Our ´tracking system´ makes sure that all panels are moved automatically, when opening or closing the glass wall. This way, you can easily open or close the entire wall. The carriers can be mounted in the profile in a flexible way, meaning that you decide where the panels overlap.

Supporting foundation

A Britelite veranda can be installed on any existing surface. For extra firmness or when a solid foundation is not available, you can also choose concrete footings; These concrete footings can easily be installed under the Posts, out of sight, and can be supplied with and without rainwater drain. No surface is the same, so seek advice of one of our Britelite dealers about the best foundation in your garden situation.

Details:	
Number of lights	6 or 10 or a multitude of that
Dimmable	Yes (continuous)
Operation	Remote control is included by default
Dimmer power	18W
Voltage	18-23V (750mA)
Minimum dimmer load	4 x 3W

Sliding glass door handles

To be opened easier, without stains or fingerprints on the window

Have you expanded your veranda with glass sliding walls? If so, you can opt for extra handles to open the sliding walls even easier, without stains or fingerprints. These door handles can be attached easily to the glass panel at a place of your liking. In this, you can choose between adhesive handles and screw-on handles.
